1 OralEye Instructions For Use

Document Version: 1.0.0
Effective Date: January 2026
Manufacturer: OralEye, Inc.

1.1 Welcome

This document provides comprehensive instructions for the safe and effective use of the OralEye Oral Imaging System.

Important

Read all instructions carefully before operating the device. Keep this document accessible for future reference.

1.2 Document Purpose

This Instructions For Use (IFU) document contains:

- Device description and intended use
- Safety warnings and precautions
- Operating instructions
- Maintenance procedures
- Troubleshooting guidance
- Technical specifications

1.3 Intended Users

The OralEye system is intended for use by:

- Licensed dentists

- Dental hygienists
- Trained clinical staff under supervision of licensed practitioners

1.4 Quick Start

For experienced users familiar with oral imaging systems:

1. **Power On:** Press the power button and wait for system initialization
2. **Patient Setup:** Enter or select patient information
3. **Capture Images:** Follow the on-screen guidance for image acquisition
4. **Review:** Examine captured images for quality
5. **Save:** Store images to patient record

Tip

For detailed instructions, refer to the [Operation Guide](#).

1.5 Regulatory Status

- **FDA Status:** [Pending/510(k) Cleared/Exempt]
- **Regulatory Class:** Class II Medical Device
- **Product Code:** [TBD]

1.6 Support

For technical support or questions:

- **Email:** support@oraleye.ai
- **Phone:** [Contact Number]
- **Website:** <https://oraleye.ai/support>
